TOWN'S POLICE DEPARTMENT REORGANIZED

Gettysburg borough council, meeting in the engine house Tuesday evening, reorganized the local police department by establishing the positions of chief, sergeant, corporal, private first class, private and probationer with a pay scale for the different ranks.

The ordinance passed by council calls for payment of \$4,300 per year to the chief; \$4,000 to sergeants; \$3,800 to corporals; \$3,600 to privates first class, \$3,400 to privates and \$3,200 to the probationer.

Councilman George W. Naugle explained to the other councilmen that the graduated scale of pay and the different titles would "establish a chain of command in the absence of the chief and also serve as an incentive, with a policeman knowing that if he seeks to improve himself there will be an advancement. As it stands we have only two posts, policeman and chief, and the man who works hard gets no more pay or recognition than one who does not work so hard. It also is difficult if the chief is on vacation or on a day off to name anyone as head of the department in his absence.

No assignment of positions has been made.

Noisy Laundry A Problem

Mrs. James Schwenk and Clyde DeHaas entered into a discussion with Council President Glenn Guise on "what can be done to stop the laundry from going off at 5:15 in morning—and Sunday morning at that." Burgess Wilbur Plank settled the argument by reporting he is seeking state assistance concerning the expulsion of steam from the Eddie's Cleaner and Laundry on Steinwehr Ave. and expects to "have some answers before the month is out."

Mrs. Schwenk started the discussion by asserting council should do "something to stop the laundry from going off."

She said steam escapes from the boiler at the laundry from time to time awakening the neighborhood.

ACCIDENT RATE ON ROADS OF COUNTY RISING

State police from the local substation investigated 185 automobile accidents during the first six months of the year according to a recapitulation of activities prepared by Sgt. Joseph Tappe.

The number compares to 154 crashes during the first six months of 1959 and 142 during the first half of 1958.

Eight persons were killed and 133 injured in the accidents so far this year compared to 11 killed and 137 injured in the first six months of last year and 10 killed and 93 injured in January through June 1958.

Damage Bill Higher
Damage was higher than during the same periods in the two prior years. The first six months of this year damage was estimated at \$133,045 compared to \$107,984 for the comparable period a year ago and \$112,669 in the same six months of 1958.

Arrests were fewer, however, this year. Where 845 traffic violation charges had been made during the first six months of 1959, 819 were made during the first six months of this year.

The number of accidents last month was the same as in June a year ago and in May of this year. There were 38 in each month. In June this year the number of injured was 19, compared to 31 in June a year ago and 30 in May. There were no fatal accidents this June compared to two killed in June a year ago and two fatally hurt in May.

In January this year there were 18 accidents in which 19 were hurt, one killed, damage was \$13,400 and 139 arrests for traffic violations were made. In February there were 27 accidents, 26 hurt, \$20,705 damage, 97 arrests; March, 29 accidents, 12 injured, four killed, \$14,385 damage and 121 arrests; April, 35 accidents, 27 injured, one killed, \$40,045 damage and 168 arrests; May, 38 accidents, 30 injured, two killed, \$25,245 damage, 170 arrests; June, 38 accidents, 19 injured, \$19,265 damage and 124 arrests.

Truck Upsets And Driver Is Injured

Eugene Bingham, 45, Lewisburg R. 1, suffered a possible broken shoulder and a laceration of the knee when a truck he was driving overturned six miles north of here along the Harrisburg Rd. near Guise's Farm Equipment agency.

Police said Bingham was driving a truck north at 3:20 o'clock this morning when he fell asleep and the vehicle ran off the road and upset, causing \$150 damage to the truck. He was removed to the Warner Hospital by Dale K. Strok, Northumberland R. 1, who was driving a car following the truck. Police said Strok and Bingham were returning after repossessing the truck for the General Acceptance Corporation, of Sunbury.

Boy, 14, Involved In Damage Action

Bruce E. Shetter, Aspers R. 1, has filed an answer and counterclaim in the action in trespass brought against him by Gilbert P., Mahlon J. and Anna Mae Smith, New Oxford R. 2.

Attorney S. M. Raffensperger Tuesday filed papers for Shetter alleging negligence on the part of the Gilberts in that the son, Gilbert P. Smith, driving the car of his father, Mahlon J. Smith, was driving without a license and was on the wrong side of the road. Gilbert Smith, according to the allegation, was "under 16 years of age" at the time of the accident and was driving with his father's consent. In his original action, the father had claimed that the 14-year-old son was driving without his consent at the time of the crash.

Both sides allege the other was on the wrong side at the time of the crash. Shetter, in his counterclaim and answer holds that the Smith car was on his side of the road and he swerved to the other side to avoid a head-on collision. He asks damages "not in excess of \$5,000."

REPORT AT MEETING

The Gettysburg Exchange Club at its weekly meeting Tuesday night at the Recreation Field heard Roy Thomas and Robert Diehl report on their trip to the 45th national convention in Miami Beach last month. William Ditzler presided at both the regular and board meeting.

Property Values In Adams Rise \$4 Million In Year; Assessments Are 23.7 Pct.

The market value of real estate in Adams County went up more than four million dollars in the last year while the assessed valuations moved a tenth of one percent closer to the county's target of 25 per cent of actual market value.

The figures were revealed today with the announcement at Harrisburg of the current list of market values for real estate in the townships and boroughs of Adams County by the State Tax Equalization Board. The figures are adjusted annually and are used by the state in calculating state appropriations to school districts.

The market value of Adams County real estate has climbed to \$122,916,000, an increase of \$4,283,800 over the total for the same date a year ago.

The state reports that assessed

valuations on the same real estate total \$29,091,273 or 23.7 per cent of the actual market value. A year ago the ratio of assessed values of market values was 23.6 per cent.

The county has told its assessors to aim at appraising properties at 25 per cent of market value for tax purposes.

Union Twp. in southeastern Adams County has the highest ratio of assessed values to market values at 26.6 per cent. The other extreme is Hamilton Twp. in eastern Adams County with a ratio of 21.5 per cent.

Same Ratio Here
The ratio for Gettysburg is 23 per cent, exactly the same as a year ago, although market values here have gone up \$571,200 in the last year.

Cumberland Twp. which had the largest increase in market value for any district in the county in the last year, is exactly on the county average of 23.7 per cent with its assessments.

JOHNS URGES TOWN TO SEEK PLANNING AID

A special committee was set up by borough council at its meeting Tuesday evening to decide whether the town wishes to employ an engineering firm to begin studies for town planning.

Kenneth W. Johns chairman of the town's planning commission, said, "We have about reached the point as a planning commission where we can go no further without professional aid. We feel that the time has come when real planning by professionals ought to begin."

"We have found that it is possible to hire a nationally known firm in Harrisburg on a day by day, or hour by hour basis if we so desire. The firm would do exactly what we wanted done for exactly so much money. Then when we wanted to go further would start at that point and continue."

Traffic And Parking
"The planning commission feels that we could start with traffic and parking, because there the work of the planning firm would most quickly show itself. If the town was satisfied with that, then it could have the firm continue with its work. The cost would be about \$1,500, and would take into consideration the prior survey made by the state and the fact that Route 15 will in a few years bypass the town."

Council President Glenn Guise appointed Highways Chairman Mahlon P. Hartzell Sr.; Safety Committee Chairman George Naugle; Ordinance Chairman Attorney John D. Thrush and Finance Committee Chairman John Welshon as a committee to study the proposal and named Attorney Thrush as chairman.

Councilman Mrs. James Schwenk reported on her attendance at the local council's representative at the state boroughs convention at Pittsburgh. She told the group: "Pittsburgh is beautiful. It is a wonderful example of what can be done by 25 years of planning."

She also reported that "After hearing the others, Gettysburg borough isn't so bad off."

Tourists May Hit Million Mark In '60

Gettysburg—for the second time in its history—may have a 1,000,000-tourist year in 1960.

National Park figures released today show 519,066 visitors to the park during the first half of this year, almost 200,000 more than the 325,024 who came here during the first six months of 1959.

Normally the large "half" of the tourists visit the battlefield during the last six months of the year. July and August have always been the months with the largest number of visitors and visitation continues strong through September and October and generally is larger in November and December than during the other winter months of January and February.

First Time Since '38

If tourist visitation continues as it has so far, the number will go beyond the million mark, marking the first time that total has been reached since 1938 when the 75th anniversary of the battle and the last reunion of the Blue and Gray brought 1,554,000 here—most of them during June and July.

The monthly report for June showed that 22,364 toured the field by bus.

A separate report kept for the first time showed that Pardee Field on the Battlefield is piling up a Scout camping record almost as good as a regular Scout camp. Previously visitation figures for (Continued On Page 3)

Hepford Held For Dauphin Grand Jury For Murder Of Richard M. Mattingly, 31

EDWARD W. HEPFORD

Edward W. Hepford, 47-year-old Harrisburg high school teacher, accused of the murder of Richard M. Mattingly, Gettysburg tailor, last Wednesday, pleaded not guilty to the charge of murder this morning at a hearing before Alderman Joseph Emmet in Harrisburg police court.

Hepford was silent while his attorney, Solomon Hurwitz, entered his plea. His other counsel, I. Emmanuel Meyers and Benjamin L. Levi, were also present. Hepford also pleaded not guilty to two other charges of burglary and attempted burglary which grew out of his alleged entrance into a house on Front St., another on Second St. and the theft of a .25 caliber gun.

The accused was ordered held without bail for the grand jury at an unspecified date.

Died Instantly

Mattingly's body was found with bullet wounds in the abdomen and right forearm. The autopsy showed he died instantly from a laceration of the heart. Reports that Mattingly had been badly beaten were labeled false since beside the bullet wounds he had only a small laceration of the forehead.

Hepford admitted to the police when taken into custody that he had shot Mattingly. Police have failed to establish a motive for the killing but learned that the two men spent some time together in a Second St. diner until they left in Mattingly's car shortly before the shooting.

Mattingly was buried here Saturday.

TWO KENTUCKY BOYS ARE HELD FOR BURGLARY

Two Kentucky youths have been charged with the burglary of McClellan's Service Station, Arentsville, at 2 o'clock Tuesday morning and are scheduled to face other charges, including one of stealing a car.

The two, one aged 15 from Lexington, the other aged 16 from Russell Springs, emerged from an alley on to Baltimore St. near Lincoln Square about 8:30 o'clock Tuesday evening. Borough Officer Clarence Cluck, then off duty, became suspicious and invited them to join him at the engine house for questioning. They agreed, suggesting that Cluck drive the car because he knew the way.

As the car turned into E. Middle St. one youth jumped out. Cluck turned the other over to Officer Ray Breighner and then went in pursuit of the other youth but failed to locate him.

Stolen Items

The boy in custody tried to explain how he happened to have a duffel bag full of cigarettes, candy, chewing gum and other items believed to be part of the \$125 worth of merchandise stolen from McClellan's Service Station earlier Tuesday.

The youth finally told borough and state police that he and his companion had left Kentucky, stolen a car owned by Roy S. Craig, of Milford, O., and had broken into the service station. Because he was a juvenile, the youth was placed in the custody of Sheriff Dawson Miller to await action of juvenile court.

When State Police Cpl. David James and Borough Policeman Daniel Miller were returning from the jail they saw a boy "hitch hiking" and apprehended him as the one who had escaped from Officer Cluck.

Ike Chides Nicky, Rocky And Democrats In Rapping Military Spending Critics

By MARVIN L. ARROWSMITH

WASHINGTON (AP)—President Eisenhower today rejected New York Gov. Nelson A. Rockefeller's contention that America's military strength has deteriorated.

At a news conference, the President also accused Soviet Premier Nikita S. Khrushchev of very crude attempts to interfere in this country's presidential campaign.

Eisenhower voiced confidence that neither Democrats nor the Republicans will find the Kremlin leader's advice of any value.

Answers Rockefeller

As for Rockefeller, Eisenhower

was reminded that the Republican governor has been critical of the administration in the economic as well as military fields, and has contended that U.S. military strength has declined while Russia's has increased.

The President commented that since 1953 he has sent eight budgets to Congress. Five, he said, were cut by Congress and three increased—in each case in election years.

The President said that by and large the Democratic-controlled Congresses have agreed with his Republican administration on military spending.

BEGIN SECOND FOURSQUARE CHURCH UNIT

Construction of the second of three projected units of the new Foursquare Gospel Church, 328 W. Middle St. began Tuesday morning. Groundbreaking service for the new unit was held Sunday at 10:30 a.m. on the plot behind the present sanctuary with more than 300 Foursquare members and their families present.

Unit one, which is already completed, will be used primarily for departmental classrooms. The unit under construction will be 64 feet, four inches x 64 feet and will be used for recreation, Sunday School rooms, a large costume room, and a bride's room. There will also be rest rooms, a cloak room and a private study for the pastors. The unit will be so constructed that a second floor may be added if necessary to take care of the Christian education department. It will be connected to the Crusader Chapel.

The old parsonage has been removed in order to make room for unit three. The entire structure will be made of cement block, stone and brick. Departments will be divided by fold curtains.

Contemplate Three Units

The third unit will be started when the others are completed and will consist of an entire new front for the church, 64 feet wide with a cry room, a large baby land and nursery. The present front of the church will be completely removed, as well as the west side of the church. A new tile floor, new pews, new rugs and drapes will be installed. Unit three will be a two-story structure increasing capacity in the auditorium to over 400 people. The auditorium will be air conditioned. Overall dimensions of the complete building will be 160 feet x 64 feet.

Contractor for the building is Earl Sanderson, a member of the Foursquare Gospel Church, as well as a member of the Board of Directors. The pastors, the Rev. H. L. Myers and the Rev. Eliza Mae Myers, are beginning their 27th year in Gettysburg. They have been at the present location since 1937.

asked stop signs at the intersections of Highland and Culp and Johns and Culp Sts. The matter was referred to the safety committee for recommendation.

Councilman Mrs. James Schwenk asked "Slow-Children At Play" signs in the alley to the east of 220 S. Stratton St. because of the children from Keefeauver School using the alley while going to and from school and while playing during the noon hour and at other times.

A request was also received by council for one side parking on S. Stratton St. from High St. to Wail St.

The Highway Committee was authorized to spend \$113 for a new tire for the grader and to spend \$800 for a new body for the new truck it has purchased. The old body from a former truck was 23 inches too short for the new chassis, Councilman Mahlon P. Hartzell Sr. reported. The old body will be placed later on a pick-up truck chassis according to plans discussed at the meeting.

S. C. Governor Lauds Unit In "Charge" Here

"The Hampton Legion" shown on the front page of The Gettysburg Times Tuesday in "action" during the re-enactment of Pickett's Charge on the battlefield Sunday afternoon came to Gettysburg carrying a special telegram from Governor Ernest F. Hollings of South Carolina to cheer them on as they "marched on Gettysburg."

The Governor's telegram sent to Cpl. C. Fifer, "aide de camp" for the "Hampton Legion, CSA," a North-South Skirmish group, said, "Congratulations and best wishes to the officers and men of the Hampton Legion as you march at Gettysburg. South Carolina is proud and gratified that this noble command, so close to the hearts of our people, lives again. As Yankees wearing Confederate Gray you symbolize today's unit of our great nation."

The Hampton Legion, organized by Ashley Halsey Jr., associate editor of the Saturday Evening Post, a native of Charleston, S. C., is named after a famous Confederate unit from South Carolina but is made up mostly of Pennsylvanians and New Jersey residents.

Fifer who received the message is a great-grandson of Jacob Fifer of the 150th Pennsylvania Regiment, who was wounded while a color bearer at Gettysburg. His other great-grandfather was a Confederate soldier.

Halsey had three companies of his "Hampton Legion" here for the re-enactment Sunday.

TOWN'S POLICE

borhood and causing a great deal of noise, Councilman DeHaas joined in the complaint.

Say Council Acted Before

President Guise said that the matter was not one for council action and recommended that Mrs. Schwenk and DeHaas "get together with the people in your neighborhood, hire a lawyer and have it declared a private nuisance."

Kenneth W. Johns, former member of council and now chairman of the town's planning commission joined in, noting it is his belief that the matter is one of safety and held the escaping steam "tears up the alley so it has to be repaired every three months."

Councilmen Schwenk and DeHaas told President Guise, "A couple years back, it didn't take council long to get some action. We don't see why council can't take action on it again."

Another Complaint

At this point Burgess Plank said the matter is one he was taking up with the state "to see what has to be done to have that boiler inspected."

DeHaas then stated that the loading platform at the laundry is "out in the town's alley," and the burgess answered: "I have it on the schedule and it won't be in the alley for another month."

Councilmen brought up the question of a traffic light at Steinwehr Ave. and S. Washington St. and said they had received requests for a traffic light at the intersection of the new entrance to Hancock Ave. and the Emmitsburg Rd.

Conference Thursday

Burgess Plank reported the state Department of Highways is sending District Engineer H. S. Pomeroy here Thursday afternoon at 1 o'clock for a meeting in the burgess' office with the highway and safety committees, the borough and the burgess on the question of a traffic light at the Washington St.-Steinwehr Ave. intersection.

Order Sidewalks Moved

Council took steps to widen Steinwehr Ave. between its intersection with Washington St. and Queen St. The increased width had been decided upon a number of years ago. As new sidewalks were laid, the curbing was moved westward on the west side thus effecting the widening. At present the street is full width south of 227 Steinwehr Ave. Council at the time it ordained the new width decided it would wait until there was a need to replace the sidewalks that jutted out into the street. Tuesday evening council learned that the new Three Crowns Motel is placing its new curbing at the new curb line and believing the time had come when the jutting sidewalks should be moved back to edge of the road gave orders that notice be given to owners from 213 to 227 Steinwehr Ave. to lay new curb in accordance with the prescribed line.

No charges were made by police and damage was estimated at about \$10 to each vehicle.

Scouts at Pardee Field were lumped with the figures for visitation generally. This year a separate record showed 2,548 "camper days" so far for Pardee. There were 1,423 boy days of camping at the field during June. The Scouts came from Maryland, District of Columbia, Ohio, New Jersey, New York and one contingent was from Texas.

John Rogers, park ranger who keeps track of the Scout visitations, said the "boy days" designation also includes "girl days," because two Girl Scout units, one from California and one from Indiana, used Pardee Field for overnight camping.

Out Of The Past

From the Files of the

TWENTY-FIVE YEARS AGO

**H. Earl Pitzer Announces For
Sheriff Post:** H. Earl Pitzer, of
Menallen township, today an-
nounced his candidacy for the
republican nomination for sheriff
of Adams County to succeed John
C. Wible, whose term expires
January 1.**Harold C. Thomas, mathe-
matics instructor at Gettysburg
high school for the past five years,
has resigned his position. The Get-
tysburg Times learned from an
authoritative source today. The
resignation was addressed to
Mahlon P. Hartzell, secretary of
the school board, who could not be
located today.****Wedding:** Miss Grace Elizabeth
Beard, daughter of Mr. and Mrs.
Frank Beard, Cumberland town-
ship, and James S. Reaver, son
of Mr. and Mrs. Paul Reaver,
Freedom township, were united
in marriage in Philadelphia
Thursday evening at 7 o'clock.
The ring ceremony was per-
formed by the Rev. Spencer W.
Aungst, pastor of St. James' Lu-
theran church, who is in Phila-
delphia attending the state Chris-
tian Endeavor convention.**Alms House Waste Nuisance
Cleared:** Calvin R. Smith, su-
perintendent of the Adams county
home, today announced that he
had completed the necessary re-
pairs to correct the condition, re-
cently complained of in the bor-
ough council, caused by the dis-
charge of wastes from the county
home and that the repairs met
with the approval of the state de-
partment of health.**York Springs Woman Expires:**
Miss Maybette Spangler, daugh-
ter of Mrs. Mary Spangler and
the late Charles Spangler, York
Springs, died Thursday night at
9 o'clock in a Philadelphia hos-
pital. She was aged 34 years. The
deceased was a teacher in the
Cheltenham school near Phila-
delphia, for a number of years.**Honor College Seminary Grad
In Baltimore:** Baltimore, July 6
—Ground will be broken at 5 p.m.
Sunday for the new parish house
for Christ Lutheran church to be
known as the Dr. L. M. Zimmer-
man parish house, honoring the
founder of the church who was
pastor 38 years, and who for the
last 10 years has been pastor
emeritus.**Birthday Greetings:** Kenneth
Dengler, West Middle Street, is
celebrating his birthday anni-
versary today.**Two Locked In Ice Box For 2
Hours:** Locked in a large, ice-cold,
hermetically sealed ice box for
two hours was the harrowing ex-
perience of W. L. Haley, proprie-
tor of a meat market on Baltimore
street, and a colored helper early
this morning.**Haley and his helper, Clarence
Ellis, of Emmitsburg, were load-
ing a truck with meat from the
ice box at Haley's Emmitsburg
slaughterhouse at 4:40 o'clock
this morning.****After both had gone into the box
to get some meat Haley pulled
shut the door, which locks auto-
matically on the outside but has
no inside handle. Although Haley
and his helper called for help and
pounded on the sides of the box
they could not make themselves
heard outside.****Mrs. Haley, thinking her hus-
band had left for Gettysburg,
started for Gettysburg herself.
When she arrived here, she dis-
covered that her husband had not
yet arrived. When she was unable
to locate him, Mrs. Haley called
her mother, Mrs. Meade Pater-
son, of Emmitsburg, and told her
to go to the slaughterhouse to see
what was wrong.****When Mrs. Patterson arrived
at the slaughterhouse, she found
the two men locked in the ice box.
Neither Mr. Haley nor his helper
seemed to suffer from their ex-
perience. The temperature in the
ice box was about 40 degrees.**

Today's Talk

THAT GOAL OF YOURS
To a greater or lesser degree, I
believe we all have had goals to
which we aimed our arrows. Many
a goal has been dropped by the wa-
side, but its purpose has been
served in most cases. If we have
kept the faith and done our best,
we have nothing to regret.I rejoice that many of my goals
have been reached; and others
that have been missed have
served their day. We ought to
bear this thought in mind.It is important to note that the
greatest in history have been
diverted at many a cross-road
faced with many a goal early re-
solved to make notable, but only
to see it wither away. How are we
to face such conditions? With
courage, always!How many times we have
changed goals but have ended up
with a bigger and a better one.
Failure to reach your goal is not
failure, but often a triumph. Let
us put it this way. Let us decide
that there is no finality to any
worthwhile effort. The stars shine
every night, no matter how many
may lose their pathway! Keep the
garden of your heart free of weeds
and picture your success in every
footfall.Tomorrow Mr. Adams will talk
on the subject: "Rock Me In The
Cradle"Protected, 1960, by The George

THE MYSTERY SOLVED
The publisher called in his right
hand man,"There's something gone
wrong in this place," said
he;"Find out what has happened for
me, if you can,
And make out a written report
to me."From the managing editor,
straight down the line,
All were told that something
had happened amiss.In the big local room someone
posted a sign:"Things have gone wrong!
Pay attention to this!"Then the word was passed round
that a mystery deep
Hung over the office, and
troubled the mindOf the publisher so he was losing
much sleep—
A prize to the man who the
trouble would find.At last 'twas discovered; the
secret was out;
This story is true, it is not a
burlesque:The strangeness was caused,
without shadow of doubt,
When the big sporting editor
cleaned up his desk.Protected, 1960, by The George

LOS ANGELES (AP) — Pre-
convention shakedowns pointed to-
day toward the powerful Pennsyl-
vania and California delegations
as potential kingmakers in the
Democrats' selection of a presi-
dential nominee.Out of the din of conflicting
claims from supporters of the
leading candidates there ap-
peared to be emerging a general
conviction among the party pros
that if the two big—and nominally
uncommitted—states go for the
same candidate they can just
about call the turn on the nomina-
tion.But there was no assurance, as
platform committee sessions con-
tinued preliminary to the opening
of the convention Monday, that
the two states would cast even
a majority of the 81 votes each
holds for the same candidate.

Leans Toward Johnson

Gov. Edmund G. (Pat) Brown
of California was reported lean-
ing toward Sen. John F. Kennedy
of Massachusetts. Informed labor
union sources were betting that
Governor David L. Lawrence will
try to throw a majority of the
divided Pennsylvania delegation
behind Sen. Stuart Symington of
Missouri.If Kennedy gets the support of
both delegations, plus votes he
may pick up from other favorite
son or uncommitted states, his
backers think the Massachusetts
senator could make the grade on
the first ballot. But Kennedy's op-
tation will start sliding after
the initial roll call.Whether the Kennedy blitz tac-
tics work may depend on how
Gov. LeRoy Collins of Florida,
the convention's permanent chair-
man, handles shouted requests for
state vote switches likely to come
when the official roll call nomi-
nally ends.

Get Choice Spots

Symington's and Kennedy's sup-
porters claimed choice mezzanine
spots for their headquarters. Pro-
moters of a drive to draft Adlai
E. Stevenson complained they had
been assigned by Chairman Butler
only two small rooms near a
hotel kitchen. They dubbed their
quarters "Butler's pantry."The platform committee barged
into a controversy over medical
care for the elderly.Dr. Edward R. Annis, spokes-
man for the American Medical
Association told members that it
would be difficult for physicians
to vote Democratic if the party
endorses a program financed
through social security taxes.
Most of the presidential hopefuls
already have done so.

Charge Politics

Rep. Ray Madden (D-Ind) broke
in on Annis' testimony to declare
that some AMA officials are
"playing politics for the Republi-
cans" on the issue. The Eisen-
hower administration has opposed
the social security approach.Medical aid for the aged was
named as one of the top issues
for the general election campaign
by many members of the com-
mittee. It was listed along with
farm assistance, housing, and fed-
eral aid for education and de-
pressed economic areas.There was a feeling on the part
of some members that these mat-
ters might overshadow foreign
policy questions, despite the col-
lapse of the summit conference
and the withdrawal of the invita-
tion for President Eisenhower to
visit Japan.Stitch, a ranking Louisville wel-
terweight, died a month ago while
trying vainly to save a companion
from drowning in the Ohio River.

Would Have Fought

Stitch was to have fought Rod-
riguez here July 24.Bud Bruner, Stith's manager
accepted an invitation to act as
one of Akins' seconds. Stith and
Akins both lost once to Rodriguez.The nationally televised 10-
rounder—ABC 9 p.m., EST—could
be a turning point for Akins, who
is hitting the comeback trail.

Once Held Crown

At 32, the St. Louis boxer has
been to the heights and down
again. In his 12 years of fighting
he has won the crown, lost it to
Don Jordan and then lost a re-
match with Jordan.Akins gained an upset decision
over Charley Scott May 20. He
will be a 12-5 underdog against
Rodriguez.Akins has a 51-24-1 record com-
pared with Rodriguez' perfect
28-0 mark. The Cuban won his
four bouts this year by knockouts.Capital of Honduras is Tegucigalpa,

Yanks Blow Lead And Lose In 10th To Senators As Orioles Rap Boston; N.Y. Lead Cut

By ED WILKS

Associated Press Sports Writer

Maybe this isn't going to be a hot pennant for the New York Yankees after all. Not when they use three starting pitchers in one game and get beat. And not when they lose two in a row for the first time in more than a month, but find their American League lead whittled to one game.

That's what happened when they were held to three hits by Pete Ramos and Chuck Stobbs, blew a 3-0 lead and lost 5-3 in 10 innings at Washington Tuesday night. Art Ditmar, who had won five straight, was tagged for the loss after following Ralph Terry and Bob Turley to the mound.

After dropping only eight of 30 games in June, the Yanks now have lost two of five in July. That's not exactly a total collapse, but both losses were to the sixth-place Senators and they now lead second-place Cleveland, idle Tuesday, by just one game.

Orioles Two Games Out
They're also just two lengths ahead of the third-place Baltimore Orioles—who rapped Boston 9-4 in the only other game scheduled in the AL—going into the opener of a two-game set at Baltimore tonight. The Indians play six games in five days with Chicago's fourth-place White Sox, beginning with a two-game series at Cleveland.

A two-out single by Reno Bertoia and Bob Allison's follow-up 10th homer beat the Yankees and Ditmar (7-4). The Senators scored in each of the last four frames, tying it on Faye Throneberry's pinch single off Turley with two out in the ninth.

Stobbs (6-2), the long-abused southpaw, won his third in a row, with two perfect innings of relief for his 99th victory in a 14-year career. Only 31, he has lost 122 in that span and hasn't had a winning season since 1953.

Baltimore picked up three earned runs in the second inning at Boston against loser Tom Brwer (5-7), then clinched it with two runs in the fourth on singles by Marv Breeding, Jackie Brandt, Gene Woodling and Jim Gentile. Chuck Estrada (9-4) was the winner.

Upper Adams Pony League

The New Oxford Dodgers took over sole possession of third place Tuesday evening by defeating the York Springs Giants 10-8 at York Springs. Staub and L. Shrader pitched for the winners with Noel catching, Sam Bricker and Starner divided the hurling for the Giants with Black doing the receiving.

PALMER TO GO AFTER BRITISH OPEN TODAY

By JOHN FARROW

ST. ANDREWS, Scotland (AP) — Gene Sarazen, the old master who has spanned four decades of championship golf, said today that a grand slam by Arnold Palmer would be superior even to that of the legendary Bobby Jones.

Palmer with the American Open and Masters titles already under his belt, today started shooting for the third big one—the 72-hole British Open championship.

"If Palmer can win this one," said Sarazen, 58, "then he can go home and try to complete the slam by winning the American PGA."

Better Than Jones

"I reckon such a slam would be better than that of Jones in 1930."

That was the year Jones won the American Amateur and Open and British Amateur and Open.

Sarazen said there were many more people playing golf these days, the equipment was better, the competition was stiffer and there had been a terrific general improvement in the game.

"That's why I think Palmer is shooting for the greatest grand slam in golfing history," he said.

Sarazen led the American qualifiers and said he was hitting the ball so well "I'm fearful I might get into the last 50 for the 36 holes Friday. The old legs won't stand that."

A total of 74 players—the lowest since the present qualifying play was introduced after World War II — went out today.

Palmer, Sarazen, Bill Johnson, from Provo, Utah, and Jack Isaacs, Langley Field, Va., were the only American survivors from an original entry of 21.

GRAYS HOLD FIRST PLACE

By THE ASSOCIATED PRESS

Charley Fields' 13th homer of the year turned out to be a lucky charm for the Williamsport Grays — it kept them in first place in Eastern League by a half game.

Fields connected in the seventh inning Tuesday night with the bases empty but the run proved to be the clincher in a 5-4 victory over Binghamton, giving Ed Hughes (1-2) his first win of the year.

In other games, second-place Springfield kept pace with the Grays by beating Reading 5-3 and Lancaster defeated Allentown 9-6.

Binghamton took a short-lived three-run lead in the third inning on Mike Tresh's homer and single three in their half when Dick Harris belted a homer with two men on. Williamsport scored its fourth run in the sixth on a wild pitch by loser Len Ferguson (3-2), then came Fields' homer, Gonzalez doubled in the final Binghamton run in the eighth.

Jim Duffalo gained his sixth straight victory without a loss for Springfield as he gave up only six hits while his teammates had batted only 10 hits, including homers by Chuck Teuscher and Jim Miller. Bill Fazekas (9-4) was the loser.

Craig Sorenson and reliever Marty Perez (1-2) sparked the Lancaster victory. Sorenson's three-run homer in the fourth inning highlighted a five-run rally which put the Red Roses ahead for good. Perez relieved starter Bucky Bowers in the fourth after Bowers had given up six runs. He shut Allentown out with two hits in the three innings he worked before he weakened and given way to Fred Burdette who preserved the win.

ROBERTS WINS 4TH STRAIGHT ON SHUTOUT

By THE ASSOCIATED PRESS

CINCINNATI (AP) — When Robin Roberts got off to a bad start this year there were some who said the veteran Philadelphia right-hander was washed up, over the hill.

But not Manager Gene Mauch. He blamed himself for Roberts' poor showing, saying he came to realize he wasn't giving the pitcher enough rest.

And ever since Mauch put the 33-year-old Roberts on a rotation calling for five days rest between starts—instead of the usual three—Robbie has looked like his old self.

He picked up his fourth consecutive victory Tuesday night, beating Cincinnati 2-0 on a four-hit shutout and retiring 19 batters in a row during one stretch from the second inning until pinch hitter Jerry Lynch singled to open the ninth. Roberts now is 5-7.

Gettysburg Little League
Glenn L. Bream and Lions picked up wins Tuesday evening in the Gettysburg Little League at the recreation field as the Breammen blanked the Elks 9-0 and the Lions edged the Rotary 6-3.

The Garagemen have now run their winning streak to 10 straight without a loss. It was done with the help of Mike Herring's pitching and the hitting of Charles Raffensperger and Phil Asper. Herring allowed only four scattered hits, struck out nine and walked two. Raffensperger blasted his second grand slam home run of the season with a four bag belt in the third. Phil Asper poked his third homer of the season in the fifth with the bases empty.

The Lions came back strong midway through the game to down the Rotary 6-3 on well placed hits. Pete Nelson uncorked his third home run of the season in the third. The young hurler also came through with a double. Ron Newman, Randy Phiel and Dave Eden pounded out a pair of hits each in the winning game.

Bob Davies topped the Rotary list with a triple to deep right and a single. He also drove in two runs. Nelson allowed four hits, struck out 11 and walked four to receive credit for the win.

SOVIETS BEGIN NEW SERIES OF ROCKET TESTS

By PRESTON GROVER

MOSCOW (AP) — The Soviets have started their new series of long-range rocket tests to pave the way for attempts at Mars, Venus or putting a man into space.

The first of the new rockets was fired into the central Pacific Tuesday, traveling 8,000 miles "in exact accordance with the pre-set program," the Soviets said.

The Soviet news agency Tass said the shot "marks the beginning of the testing of new types of powerful, multistage carrier rockets for space exploration." It made no mention of the rockets' military potential as an intercontinental carrier for nuclear weapons.

The final stage of the rocket—a dummy of the instrument or man-carrying chamber that would be used in a space probe—"reached the water surface in close proximity to the target," Tass said.

The range claimed was 850 miles more than that reported for the rocket the Soviets test-fired into the central Pacific in January. The Soviets said that one came within a mile of the target.

The United States holds the distance record for rocket shots. A U.S. Atlas ballistic missile traveled 9,000 miles on May 20, from Cape Canaveral into the Indian Ocean. The Defense Department said the Atlas fell in a pre-selected target area.

Of the latest test, Tass said the rocket's dummy last stage had been "adapted for passage through dense layers of the atmosphere." This could indicate that the Soviets are preparing to try to bring back and recover a recover a nose cone from outer space, a necessary preliminary to sending a man into space.

Says Lawrence Is 'One Of Wise Men'

HARRISBURG (AP) — "Along with Harry Truman and Sam Rayburn I consider Gov. (David) L. Lawrence one of the three wisemen of the Democratic Party," said Sen. Stuart Symington (D. Mo.), who is seeking the presidential nomination.

"Only three?" Inquired the Pennsylvania governor who is the chairman of the state's 81-vote convention delegation.

"If you want to put me in the manger, I'll go there," answered Symington with a smile. "But I'm a little short of frankincense and myrrh."

The exchange took place Tuesday as Symington and Lawrence appeared together during an interview. Symington made an unexpected trip to Harrisburg to visit his wife's stepfather who is hospitalized.

DOMESTIC ISSUES MAY BE KEY ONES

By OVID A. MARTIN

LOS ANGELES (AP) — Domestic "bread and butter" issues may overshadow foreign affairs in the coming campaign, a number of Democratic platform drafters predicted today.

A canvass of resolutions committee members indicated a majority feel the voters would be intensely interested in issues relating to:

Medical care for the aged, farm aid, housing, aid to education and economically depressed areas, employment and other pocketbook proposals.

Working On Platform

This was true, most agreed, despite public attention paid recently to the U2 plane incident, the collapse of the summit conference, the withdrawal of President Eisenhower's invitation to visit Japan and an intensification of the cold war.

The committee is meeting in advance of the convention to weigh the pros and cons of various issues before coming to grips with the task of writing a party campaign document for presentation to the presidential nominating convocation next week.

"It is difficult to dramatize foreign issues," said Carl Rice, veteran Kansas Democratic leader.

Farm Issue Big

But from Maine's Alton A. Lessard came the view that voters there are more concerned about how the man in the White House handles critical foreign relations. Both Rice and Lessard are members of the resolutions group. Generally, committeemen from inland areas stressed domestic issues more than did their seaboar colleagues.

Agnes Geelan, a North Dakota committee member said the farm issue is tops in her part of the country. She cited apparent victory of Democrat Quentin Burdick in a special senatorial race in that state last week—a victory many Democrats credit to farmer dissatisfaction with Eisenhower administration farm policies.

Republican candidates are Lt. Gov. Davidson P. Buckson, former Lt. Gov. John W. Rollins and Magistrate Frank S. Carello of New Castle.

Gov. J. Caleb Boggs, who has served the maximum of two terms is expected to run for the U. S. Senate against incumbent J. Allen Frear Jr., of Dover, a Democrat who has served two terms.

PA. SENATOR NOMINATED FOR CONGRESS

LEWISTOWN, Pa. (AP)—State Sen. J. Irving Whalley of Somerset County will be the Republican candidate for the 18th Congressional District seat in the November election.

The 57-year-old Windber resident was chosen over eight other nominees by the 90 Republican conference of the eight-county district meeting here Tuesday night.

Whalley and George C. Eppinger of Chambersburg battled through six ballots until, on the seventh, Whalley polled 46—three more than needed—41 for the Franklin County district attorney.

His Second Try

It was the second try for Whalley, a stout, bespectacled man with a receding hairline. Earlier this year, the serious-mannered lawmaker lost a similar bid for the Republican nomination to the late Rep. Douglas H. Elliott, of Chambersburg.

Elliott took his own life June 19 less than two months after winning a special election to succeed the late Rep. Richard M. Simpson (R-Pa.).

Elliott was also the GOP nominee for the regular two-year term beginning next January.

For Both Terms

Whalley was nominated for both the unexpired term, running until Dec. 31, and for the regular term.

He will be opposed on the Nov. 8 ballot by Robert M. Meyers, of Lewistown, the Democratic nominee. Meyers lost the special election to Elliott but won the Democratic nomination for the full two-year term.

Whalley, in his speech to the convention, announced he would, if nominated, resign immediately from the Senate. If he does, Republicans will have to name a candidate for the 36th Senatorial District of Bedford, Fulton and Somerset counties. Whalley's term has two years to run.

An Auto Dealer

After Whalley's selection State Chairman George I. Bloom told delegates from the 36th District they must get together on a candidate.

"We have a real job to do," he added.

Whalley, an auto dealer, was elected to the Senate in 1954 after serving four years in the House.

He began his business career as a car washer after attending Windber High School. After that he worked successively as a mechanic, salesman and bookkeeper, all the while attending business college at night. He became an auto dealer at the age of 26.

Whalley married the former Ruth E. Anderson of Windber. They have two children, John, 13, and Ruth, 11.

The 1961 Big Ten wrestling championships will be held at Michigan State next March 3 and 4.

ECONOMY CAR SEEN BEST FOR PENNSYLVANIA

HARRISBURG (AP)—The Commonwealth is expanding its use of compact cars on the basis of its experience with a test lot.

In a detailed study of operations of 15 cars during a 30-day period the State Property and Supplies Department found that miles per gallon of gasoline consumed by the compacts (all Studebaker Larks) was nearly double that of standard size cars.

The state began its experiment with compact cars April 6 when it bought 29 standard gear shift and 21 automatic shift cars. Since then it has bought 42 more of various makes—all of American manufacture.

Awards Contracts

Last Thursday it awarded contracts for purchase of an additional 118 compacts. It sought bids today for an additional 60.

Tuesday's purchases completed the 1960 program.

Andrew M. Bradley, secretary of property and supplies, said further studies will be made with an eye to purchase of more of the smaller cars in 1961.

The first detailed examination was made on the 15 cars, each equipped with a standard gear shift. They were operated by 30 drivers.

43-Mile Average

A total of 6,494 miles was logged for the autos. The maximum daily average was 184 miles and the minimum was 43 miles.

The cars averaged gas consumption of 20.8 miles per gallon. That compares to an average of 11 to 14 miles per gallon for manual gear shift standard-size state cars and 10 to 11 miles per gallon for standard-size automatics.

This is a breakdown of the rating by the 30 drivers: Generally satisfactory, 20; satisfactory with reservations, 7; unsatisfactory, 3. The chief complaint against the small cars was that they swayed in winds, particularly on the Pennsylvania Turnpike.

The first standard-shift compact bought by the state cost \$1,450 each and the automatic-shift cars cost \$1,556.

The cars bought last week (all Studebaker Larks) cost \$1,514 each.

Striking Monument At Vicksburg Park Marks State's Role In Key Civil War Battle; Native Sons Porter And Pemberton Led Fighting Under Different Flags

By BETTE BARBER HAMMER

"Here brothers fought for their principles and heroes died for their country and a united people will forever cherish the precious legacy of their noble manhood."

This message forever set in bronze on the face of Pennsylvania's memorial to her men who fought at Vicksburg, Miss., to reunite our nation contains the most important sentiment inscribed on any commemorative monument in the Vicksburg National Military Park.

Pennsylvanians visiting the park during the up-coming centennial years will find their tribute to their men situated in what is undisputedly one of the most beautiful corners of the rambling 1,300-odd acres, the site of Grant's headquarters. Situated in a lovely grove of trees, the semi-circular open monument is the work of sculptor Albert Ross. It was dedicated on March 24, 1906. Along with its message, it bears bronze medallion heads of the leaders at Vicksburg: Curtin, Brenholtz, Hartranft, Leasure and Durrell. Flanking the monument on either side are busts of Pennsylvania's war-time governor, Andrew Gregg Curtin, who rendered staunch aid to Lincoln, and Major General Parks.

Role Of Native Sons

Although her troops involved in the campaign and siege of Vicksburg were not many in number, two of her natives played outstanding roles on opposite sides of the conflict: General John Clifford Pemberton, who commanded the Confederate forces, and Admiral David D. Porter, who commanded the Union Navy forces.

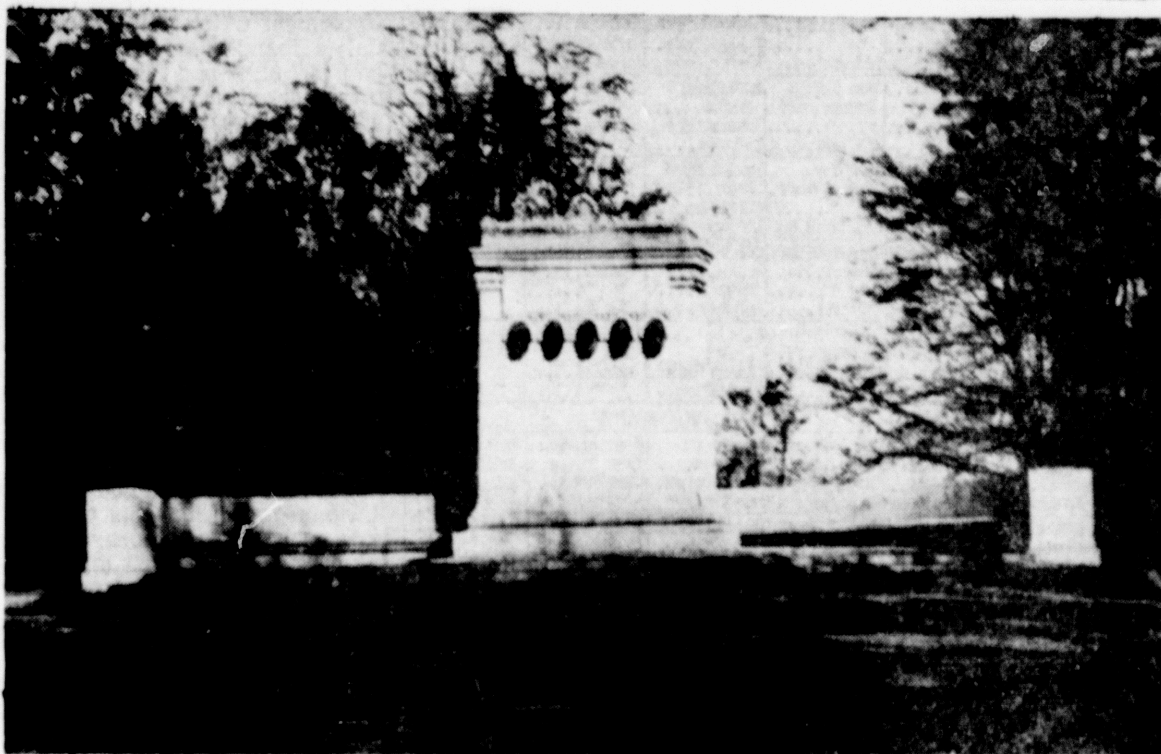

In a war that pitted brother against brother and father against son, it fell to the lot of a Pennsylvanian, General Pemberton, born August 10, 1814, in Philadelphia, to defend Vicksburg, Gibraltar of the Confederacy, against General U. S. Grant. Pemberton was graduated from West Point Military Academy, as was his opponent, "near the middle of his class." Then he began his garrison duties in many places. While serving at Fort Monroe, Va., he met his future bride, Martha Thompson.

Pemberton's Loss

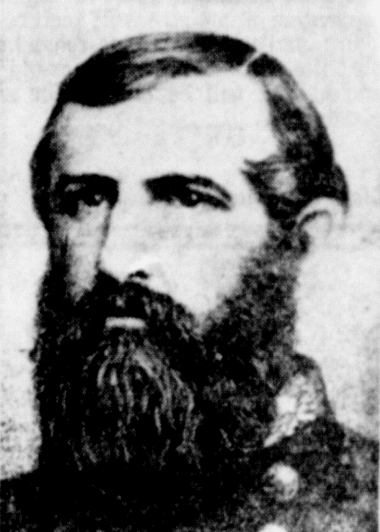

At West Point Pemberton was noted for his firm belief in states rights. His first station was in South Carolina and he affiliated himself always with southern-born fellow officers. Although his record by this time was of such high quality that he had everything to gain by staying with the North, he resigned and on April 28, 1861, was commissioned a lieutenant colonel in the Confederate Army. Thus he was on his way to Vicksburg where destiny held a bitter defeat for him. On July 4, 1863, he turned the biggest prize of the War Between the States, the Confederate east-west and river line, over to General Grant.

Pennsylvania-born Adm. David Dixon Porter of Chester, participated in one of the most exciting preliminary events of the siege. Inside Vicksburg, believed to be impregnable, on New Year's Eve (1862), the townsfolk were entertaining the Confederate soldiers at a gala ball. Suddenly a messenger staggered onto the ballroom floor bringing word to the commanding officer that Admiral Porter's flotilla of gunboats was about to run past the city's batteries while General Sherman attacked Chickasaw Bluffs above the city. Weather forbade Porter's attempt and the truthful Sherman was to record in his "Memoirs." "Well, we have been to Vicksburg and it was too much for us and we have backed out."

In the 1863 campaign to take Vicksburg from the river, General Sherman in reporting his efforts to reach Adm. Porter, has this to say of a Pittsburgher, "Taking

The top photograph shows the inscription (which heads the accompanying piece) inscribed in bronze at the top of the memorial. Underneath the medallions are the names of the Pennsylvanians who served gallantly in the battle: Curtin, Brenholtz, Hartranft, Leasure and Durrell. some of the parties who were at work along the bayou into an empty coal-barge, we tugged it up by a navy-tug followed by the Silver Wave, crashing through the trees carrying away pilothouse, smokestacks and everything above deck; but the captain (McMillan, of Pittsburgh) was a brave fellow and recognized the necessity."

Porter Leads Ironclads

Porter was to get his job done. On the night of April 16, 1863, seven ironclads led by the admiral in person aboard the Benton, followed by three transports towing ten barges, ran the batteries of Vicksburg in the night. As the shore batteries and the boats

exchanged fire the awe-some sight impressed even General Sherman. In the flotilla was the Silver Wave with Pittsburgh's Captain McMillan still at the wheel.

Pennsylvania's men were part of the Sixth Corps, Army of the Tennessee, fighting under Maj. Gen. John G. Parks in the First Division of the Corps under Brig. Gen. Thomas Walsh, the 45th Infantry under Col. John I. Curtin was part of the First Brigade and the 100th Infantry under Lt. Col. Mathew M. Dawson was part of the Third Brigade while the Pennsylvania Light Battery D., under Capt. George W. Durrell, served as the artillery unit. Serving in the Second Division of the Corps are the 50th and 51st infantry units under Col. John F. Hartranft and Lt. Col. Thomas S. Brenholtz.

General Leasure

Gen. Daniel Leasure served with the 3rd Brigade, 100th Pennsylvania Volunteers. He was born in New Castle, Pa., and served as captain and adjutant of the 12th Regiment. He was wounded in the battle of Bull Run, August 29, 1862. At Vicksburg he served with General Sherman. His outfit was nicknamed "The Roundhead" regiment because it was recruited from the southwest counties of Pennsylvania which had been settled by the Roundheads of the English revolution. He was commissioned a Brigadier General, April 18, 1865.

Gov. A. G. Curtin

Andrew G. Curtin was born in Bellefonte, Center County, Pa., April 23, 1815, and attended the Harrisburg Academy, Milton Academy and Dickinson Law

School. He was active in Whig political affairs and became secretary of the Commonwealth and ex-officio superintendent of schools in 1854 during which time he pushed through a bill authorizing normal schools.

He was elected governor in 1860 and re-elected in 1864. A staunch supporter of the Lincoln administration, he was nicknamed the "Soldier's Friend" because of his concern for Pennsylvania soldiers. He was appointed minister to Russia by President Grant in 1869. He retired in 1887 after serving three terms as a Democratic congressman and died October 7, 1894.

John Kennedys Are Expecting Child

HYANNIS, Mass. (AP) — Mrs. John F. Kennedy, whose husband seeks the Democratic presidential nomination, is expecting.

A spokesman for the family of the Massachusetts senator said Monday night the Kennedys expect the birth of their second child in late November or early December. They have a daughter, Caroline, 2.

The spokesman said Mrs. Jacqueline Kennedy will not attend early sessions of the Democratic national convention opening in Los Angeles July 11 but hopes to get to some late sessions.

BOMBAY BABE BEGUILLES BOTH BE-BOP BOYS

HOLLYWOOD (AP) — Juliet Browne, born in Bombay and brought up in South Africa, has managed to beguile both Frank Sinatra and Elvis Presley.

She is 23, but wise and witty beyond her years. She has a pockmarked pretty face and a dancer's disciplined frame. Although she has been in America only 18 months, she can speak the idiom equally well with Presley's mountain boys and Sinatra's hep crowd.

To use Frank's phrase, she's a gas.

Work Draws Raves

Producers and critics seem to think so, too. She drew raves for her work in her first Hollywood film, "Can-Can." "That floored me because I had so little to do in it," she said.

She did enough to win the lead opposite Elvis in his comeback film, "G.I. Blues." Inevitably, his interest became more than professional and they did some dating. This was while Sinatra, who had been escorting her regularly, was on a trip to the Orient.

Whenever Elvis and Juliet had heart-to-hearts on the set, jokers would warn them: "Here comes Frank!" It got to be a running gag.

A couple of weeks ago, a Pres-

ley lieutenant shouted "Here comes Frank!" and got a jeering reply from his leader. But—surprise!—there came Frank. "It was a panic," Juliet recalled with a giggle. "I never in the world thought that Frank would ever visit me on the set."

All of which demonstrates the pull of the chestnut-haired charmer. It's also a tribute to her diplomatic skill that she managed to avoid a clash between the two singers and is able to juggle both dates without conflict. Until lately, everybody considered her Frank's girl.

Gen. J. F. Hartranft

John F. Hartranft was born near Pottstown October 13, 1839. He attended Marshall College and was graduated from Union College as a civil engineer in 1863. He abandoned engineering for law and politics and was admitted to the bar in 1860. In 1861 he was elected colonel of the 4th Pennsylvania Volunteers, a three-months regiment. On November, 1861, he was commissioned a colonel of the 51st Pennsylvania Volunteers.

He participated in Burnside's New Bern expedition in 1862, the second battle of Bull Run, and the Antietam Campaign where he led his regiment in the attack which captured Burnside's Bridge. He commanded a division in the Nashville Campaigns of 1863, the Wilderness and Petersburg Campaigns. At Vicksburg, however, he seems to have commanded only his own regiment.

He was promoted to Brigadier General of Volunteers in 1864 and in 1865 was breveted Major General of Volunteers. From 1865-68 he was auditor general of the state and in 1872 began two terms as governor. He died December 30, 1914.

Lt. Col. T. S. Brenholtz

Thomas S. Brenholtz entered the Army from Reading and was commissioned a Lt. Col. of the 50th Pennsylvania Volunteers when the regiment was organized at Camp Curtin in 1861 and served with the regiment in the Beaufort, S. C., area in 1862. He commanded the regiment and was wounded at 2nd Bull Run. He also commanded the regiment at Vicksburg in 1863 and was wounded while leading the regiment during operations against Jackson, Miss., on July 16, 1863. He died August 19, 1863.

Capt. G. W. Durrell

George W. Durrell entered the Army from Reading and served initially as an orderly sergeant with the Ringgold artillery. He organized his own regiment at Doylestown, Pennsylvania's Independent Battery D. He commanded the battery through the Valley Campaign, Second Bull Run, Chantilly, Antietam, Vicksburg, the Wilderness and Petersburg. He was honorably discharged as a captain in 1864 because of ill health.

NEW YORK (AP) — American tourist remarks that people of foreign countries get tired of hearing:

"This is a nice-looking little country. Is it paid for?"

"Now that you people have got hard roads, when are you going to take a chance on modern plumbing?"

"Don't bother to ask if it's okay to take her picture. She probably wouldn't know what you were saying anyway."

Six Rescued From Susquehanna River

HARRISBURG (AP)—Four children and two adults, well versed in emergency procedures while boating, calmly put on life jackets and awaited rescue after their 14-foot boat sank in the Susquehanna River here Monday.

They were picked up within minutes by other boaters attracted by their calls for help.

Luis Ella, 28, of Camp Hill, piloting the craft, said his boat slipped water after he shifted his position while in midstream.

His wife, Myrna, 26, and the four children immediately put on lifejackets.

On board were the Elias' son, John, 7; Arlene Wickert, 6, her sister, Sue, 12, and Raymond Blair, 12.

If they had any pride at all, they wouldn't let their kids go around in such rags.

"Why do you just stand there and keep saying 'No comprendy?' Anybody who will just listen ought to be able to understand the kind of English I'm using with you."

"Never mind the museum. How about showing us something that will keep us awake?"

Natives Look Intelligent

"Well, Ethel, I guess we been in this country too long already."

Some of the natives are beginning to look almost intelligent."

"Gee, what funny looking money. What do they use it for—wall paper?"

"Hiya, Jo-Jo! Take me to your leader."

"Well, if you don't have any hot dogs or hamburgers, what do you have that is fit to eat?"

"Sure, I'll admit the view is fine up here. But tell me, what do you do for laughs?"

"The real trouble with a lot of these jokers is—they never had to meet a payroll."

"Don't give her money, Ethel. She'd probably much rather have

PA. BUSINESS UP; INDUSTRY DOWN IN MAY

UNIVERSITY PARK, Pa. (AP) — General business activity in Pennsylvania rose eight points in May but industrial activity continued the decline that began in March, Pennsylvania state University reports.

The general business index reached the highest figure for the month of May in three years, the university's Business Research Bureau said Monday.

The index of industrial activity dropped three points from May to April.

Food Prices Up

Bank debits were at an all-time high and factory payrolls were the highest level in three years.

Anthracite coal production was at a record low for the month, the bureau said, and bituminous production was at its second lowest point since 1954.

The report also said that the index for all consumer prices reached an all-time high during May. The index of retail food costs rose to the highest level since November 1958.

As of mid-May, the bureau said, 296,000 Pennsylvanians were unemployed, representing 6.4 per cent of a civilian labor force of 4,614,000. This was an 8 per cent reduction from April when 323,000 persons were unemployed.

a package of chewing gum to take home to her kids."

"Yes, it is picturesque — but everything seems so terribly, terribly dirty. If you pulled out a bar of soap, you'd probably start a panic."

"They could tell we're Americans. Otherwise, I'll bet you I could get this same room for a week—instead of a day—at the same price."

SEE BIG TEST OF POWER ON RULE CHANGES

By FRANK CORMIER

LOS ANGELES (AP)—The first big test of strength between supporters of Sens. John F. Kennedy and Lyndon B. Johnson at the Democratic National Convention may involve a seemingly innocent proposal to change voting procedures.

Some of the most important backstage maneuvering going on today at convention headquarters centered around this question: which states should be permitted to switch their votes first during the first ballot at next week's nominating sessions?

The outcome of this seemingly

minor issue—which may come to a vote by the full convention before next week's balloting—is that it could produce a crucial test.

Want Some System

This could pit the Kennedy forces, who hope switch votes will start a bandwagon move, against those of Johnson, trying to consolidate the anti-Kennedy sentiment.

Traditionally, the permanent chairman of the convention has recognized at random those state delegations which have chosen to change the way their votes were recorded on a particular roll call.

However, Gov. LeRoy Collins of Florida has suggested that, as this year's permanent chairman, he would do well to follow some systematic method in recognizing delegations.

Collins has said this would eliminate the possibility that he might be accused of bias if he

recognized a state which started a bandwagon movement by shifting its votes.

Democratic National Chairman Paul Butler said "I think it would be sensible and fair" to adopt a new procedure—perhaps recognizing the delegations alphabetically. However, Butler said Collins would be bound by the traditional method unless the rules committee recommended, and the convention adopted, a new system.

It was learned that Collins does not believe a rules change is required. The Florida governor believes that, unless the convention votes otherwise, he is free to follow his own best judgment.

CRIME SHOWS ON TV HAVE MADE CHANGES

By BERNARD GAVZER
NEW YORK (AP)—Does anybody in the audience remember Inspector Webb?

Way back in the cradle of TV—all of 13 years ago—this pure-of-heart, kind, intelligent officer was the hero of the first network television crime show, "Standby For Crime."

"What a difference there was between that show and the crime shows today," recalls actor Boris Aplan, the man who brought Inspector Webb to life on the seven-inch screen.

Very Little Violence
"There was very little violence shown," he says. "In the first place, the show had a whodunit format and Inspector Webb would come in after the crime. The crime itself wouldn't be enacted although on occasion we experimented with flashbacks. By comparison with today's shows, it was like a tea party."

Unlike any show of this genre today (at least 18 are planned for the fall season), "Standby" had a prize gimmick.

"It was a mystery and we played it right up to the denouement. Then we would make telephone calls to three persons who had previously sent in postcards asking to be guest detectives. As Inspector Webb, I would interview each one on his solution of the case and the one who was closest to the script would win a \$25 savings bond. This was considered quite a thing at the time. After all, that was before TV started giving the world away."

Originated In Chicago
The show originated in Chicago, which was a hot spot of TV activity in its diaper day.

"Standby For Crime" was limited to the Chicago metropolitan area until the day ABC was able to tie together a network with coaxial cable. That occasion—which was telecast on all TV outlets reached by the cable—featured Milton Berle and Marc Connelly among others.

ORDERS CUBA TO RETURN ITS SEIZED PLANTS

LONDON (AP)—Britain has demanded that Prime Minister Fidel Castro's regime restore the seized Shell Oil refinery in Cuba to the company's operators, government officials reported Tuesday.

A British note delivered by Ambassador Stanley Fordham to the Foreign Ministry in Havana late Monday protested strongly against Cuba's takeover of the giant plant, owned by the British-controlled Shell International.

The British also reserved all legal rights in case Cuba does not comply with the demand to restore Shell's plant to its operators.

FREDERICK CO. EDUCATOR DIES

MORGANTOWN, W.Va. (AP)—A determined old-timer, who only five weeks ago got his degree in education to fulfill a lifelong ambition, died Friday night at the age of 85.

He was Roger G. Harley, who was stricken suddenly presumably by a heart attack.

Last September Harley entered Millersville State College in Pennsylvania to complete his earlier collegiate training and graduated May 27. He taught and was a principal in Frederick County, Maryland, schools for many years.

there is no intention to publish the text of the note.

However, British government ministers may under pressure in Parliament give further details of their stand during the next day or so.

A Foreign Office spokesman announced that Fordham, who was due to leave his Havana post for reassignment, is now staying on while the crisis in Cuba continues.

Fordham is being replaced by Herbert Stanley Marchant, who is due to arrive in the Cuban capital toward the end of July.

Confer With U.S.
The spokesman said the British government is continuing its consultations on the Cuban situation with the United States, the Netherlands and other interested countries.

The Cuban government Friday took over the refineries of the British-Dutch Shell Oil Co. and the American-owned Esso Standard.

QUIGLEY AND FIVE CHILDREN PLAN L. A. TRIP

By JOHN KOENIG JR.
Associated Press Special Service
WASHINGTON (AP) — Rep. James M. Quigley (D-Pa.) won't be homesick for his family when he attends the Democratic National Convention in Los Angeles. He'll be accompanied by his five children, the youngest of whom is six.

They'll travel in the family station wagon to which a rented trailer—complete with shower—will be attached.

Quigley said that Mrs. Quigley, expecting her sixth child, won't accompany the others. However, he said, it's possible she may fly to Los Angeles to join him and the children—four girls and one boy.

Cooking, Sleeping Facilities
Quigley represents the district in which President Eisenhower's farm, near Gettysburg, is located. Quigley said he decided on the motor trip in order to give the youngsters the opportunity of a closer look at the west.

To Unveil Move To 'Draft Rocky'

SAN FRANCISCO (AP) — A news conference for disclosing details of a "draft Rockefeller" movement will be held this afternoon by the leaders of a California group favoring the New York governor for the Republican presidential nomination.

William M. Brinton, San Francisco attorney, announced the 2 p.m. news conference would be followed at 3 p.m. by a televised conference.

It was understood the movement to block Vice President Richard M. Nixon and draft Nelson A. Rockefeller would begin in at least 19 other states this week.

The trailer were made Friday. It has complete cooking and sleeping facilities and even a shower.

Quigley will attend the convention as an alternate delegate from Pennsylvania.

Making the trip with their father will be Anne, 17; Joan, 15; Clare, 13; Jimmy, 11, and Mary, 6.

8 Days For Trip
Quigley said he expects the trip West to take about eight days. After the convention is over, the Quigley caravan will head northward in California, spending the remainder of the month on the road.

"One of the sights that Jimmy and I want to see is the new Air Force Academy at Colorado Springs," said Quigley.

But other places the family will take a good, long look at are San Francisco and the Yosemite and Grand Teton National parks.

At Los Angeles, the Quigleys will stay at a trailer camp.

"If all goes well, we'll be back by the end of July a bit tired but, I'm sure, a more inspired American family," said Quigley.

NO LIQUOR FOR DEMOCRATS AT CONVENTION

LOS ANGELES (AP) — The Democrats, who take pride in being the party that repealed prohibition, are faced with a crisis of val proportions.

As convivial as a bunch of two-fisted drinkers as any other political party, the Democrats won't be able to buy, sell or drink liquor in the Sports Arena, site of the 1960 convention.

And when they go next door to the huge outdoor Coliseum for the final session and the Democratic presidential nominee's acceptance speech, it will be a time for sober reflection. The same rules apply there, too.

A raft of restrictions imposed by the state-county-city commission that runs the Sports Arena and the Coliseum won't even permit the party of the bourbon to buy a beer on the premises.

"No one around here is old enough to remember a similar ban," a spokesman at convention headquarters noted dryly. He added: "It looks like the bar across the street is going to do a helluva business."

The Democratic party isn't seeking a reputation as guardian of guzzlers, he noted, but a cool brew or two has been known to allay frayed tempers in the heat of a sizzling convention.

she lay in a St. Joseph hospital bed, police said.

Charles Clifford Porter, 44, was seized by two orderlies Tuesday after he stabbed the mother of four in the chest, left arm and shoulders.

Another patient ran screaming from the semi-private room she had shared with Ella Porter, 26, who was under treatment for a nervous condition.

Police said the Porters had numerous spots in the past and that a divorce had become final recently. Porter was charged with murder.

Navy Is Probing Midget Jap Sub

HONOLULU (AP) — The Navy is investigating a Japanese midget submarine, believed to have been part of the force that attacked Pearl Harbor Dec. 7, 1941.

Navy divers accidentally discovered the submarine June 13, about a mile outside the harbor. The 80-foot craft, lying upright on a bed of coral, was heavily encrusted with marine growth in about 70 feet of water.

CHIEF DIES OF HEART ATTACK

WILLIAMSPORT, Pa. (AP)—A heart attack killed Police Chief Elwood G. Laurensen of Hughesville shortly after he testified in Federal Court here Tuesday.

The 53-year-old Laurensen collapsed in the courtroom. He died a short time later in a hospital. His physician, Dr. Harold Tonkin, said Laurensen had had a heart ailment several years.

A civil suit in which Laurensen had completed his direct testimony was declared a mistrial by Judge Frederick V. Follmer. The police chief had left the stand temporarily while another witness was called.

The case involved a car-truck accident at the intersection of State Routes 220 and 145 near Hughesville, Lycoming County, April 30, 1959.

Carl Eugene Sones, Sonestown, Sullivan County, claimed he suffered serious injury in the accident. He asked \$100,000 damages from H. B. Shibles and Sons Inc., Finksburg, Md., owners of the truck, and Justin Martin, Westminster, Md., the driver.

SEN. JOHNSON TO RUN FOR PRESIDENCY

By G. MILTON KELLY
WASHINGTON (AP) — Sen. Lyndon B. Johnson's campaign forces said today they aim to land the Democratic presidential nomination for him no later than the fifth convention ballot.

They conceded that overtaking the pace-setting Sen. John F. Kennedy of Massachusetts represents a large-sized order. But Oscar L. Chapman, co-chairman of the Citizens - for - Johnson campaign organization, issued the flat prediction that "we'll make it."

The Kennedy drive, Chapman said, "has gone about as far as it can go," adding that this is short of the 761 votes necessary to win the nomination.

Expects Nomination
Johnson formally announced his long-known candidacy only Tuesday and told a televised news conference "I expect to be nominated."

The Texas senator said his backers have told him a third of the Republic of Texas, had ballot victory is possible, but he eight brothers.

added he feels no one can predict with certainty of which ballot the decision will come.

Chapman said the third ballot "will be crucial," and added in an interview: "That will be the keystone. The break in Kennedy's strength will begin to take place on the third ballot."

About Fifth Ballot
He said the fourth or fifth ballot should bring a Johnson victory, depending on the sharpness of what happens on the third.

Johnson himself said he does not know how many first-ballot votes he will have, but "my friends tell me I will have in excess of 500 and my leading opponent will have less than 600, and I believe this is correct."

The latest Associated Press poll of delegates shows Kennedy with 549½ votes as the front runner, and Johnson next with 231. Others are uncommitted or spread among favorite sons and other candidates.

Johnson headquarters said the senator plans no further public move in his campaign until reaching Los Angeles Thursday afternoon, when another Johnson news conference is planned.

FOUR KILLED IN PLANE CRASH

SHATTUCK, Okla. (AP) — A single-engine plane crashed and burned, apparently while trying to land, killing all four occupants Monday.

They were identified as Paul A. (Pete) Lightner, 68, veteran sports editor of the Wichita Eagle, Gary A. Humphries, 26, a photographer on the paper; Henry H. Jacobs, 32, a sports writer for the Eagle, and Jacobs' wife, Eleetra, 26.

Carl Mason, co-owner of a funeral home, said all were so badly mangled and burned that positive identification would have to be made from dental plates. Bill-folds belonging to Jacobs and Lightner were found in the wreckage.

Officials at the Amarillo, Tex., airport said the plane left there for Wichita at 1:26 p.m., with Jacobs the pilot. They were returning from coverage of the Olympic trials in California, officials of the Wichita newspaper said.

Dad Duplicates Son's Hole-in-one

BINGHAMTON, N. Y. (AP) — Like father like son, they say.

Richard E. Pille Jr., a 23-year-old Cornell University law student, got a hole-in-one Monday with an 8-iron shot on the 117-yard, par 1 second hole.

A few minutes after the feat at the Binghamton Country Club, Richard E. Pille Sr., picked up his 8-iron and duplicated his son's shot.

60000 EAT HUGE QUANTITIES AT DUTCH EVENT

By RUSSELL LANDSTROM
KUTZTOWN, Pa. (AP) — What does it take to feed many thousands of people whose appetites have been tickled by talk of that sumptuous Pennsylvania Dutch cooking.

The answer is staggering. In the first three days of this region's famed folk festival enormous quantities of food have been served to the visitors.

Maybe all the nearly 60,000 who jammed into the fairgrounds from Saturday through the Fourth of July didn't partake of these meals. But it seemed so.

Never-Ending
The queues outside the eating places—five big tents and several smaller food centers—seemed never-ending. To satisfy them, the cooks and bakers and their helpers worked through each night, their places taken over in the morning by fresh crews.

A survey of what this mass job entails suggests that feeding the guests at the week-long fair is only slightly less arduous than dishing out grub to several divisions after days of strenuous military maneuvers and the austerity of field rations.

Here is the basic commissary list for the five main mess tents

for a single day:

Shoo-Fly Pie
Thirty-five hundred pounds of chicken; 2,500 pounds of ham; 750 loaves of bread; 4,000 pounds of potatoes; 300 pounds of cottage cheese; 100 pounds of dried peas; 75 gallons each of peas, string beans and corn off the cob; 90 gallons of chow-chow; 60 gallons of pepper cabbage; 150 quarts of apple butter; 625 shoo-fly pies, and 375 milk tarts, which are really pies, too.

To this must be added dollops of staples such as butter, cream, sugar, coffee, tea, onions, celery, parsley, vinegar, cooking oils, mustard and relishes.

To this must be added also the supplies for the smaller places, some of them sticking close to the big tents, some specializing in turkey, cheese dishes, beef or lamb.

No Estimate
"As for the cost of all this," said one festival official, "we just can't give any kind of estimate right now. But you can say that it is an impressive figure."

The bulk of the responsibility for the feeding of the throngs is in the hands of the Women's Guild of the Zion Reformed Church in Windsor Castle, near Hamburg. Nobody gets paid, either for the cooking, waiting on tables, or supervising this gastronomic spectacular. Whatever profits are made go into the church treasury.

Almost two-thirds of America's adult stockholders have incomes of less than \$7,500, says a New York Stock Exchange survey.

York Springs

MRS. F. E. COULSON

YORK SPRINGS — Mrs. James Brimmon and four children, Washington, D. C., and Maj. Theodore Muller, Edwards Air Force Base, Calif., spent the weekend with their mother, Mrs. Olive Muller, York Springs. On Sunday Mrs. Muller took her son to Olmsted Air Force Base, Middletown, and watched him leaving the air field in a jet plane which took him back to California. Major Muller is a jet pilot.

Curvin C. Smith, administrative assistant of the Bermudian Springs Jointure School, left Sunday by plane for Los Angeles to attend the PSEA convention. He is the official Adams County delegate to the convention.

The summer recreation program for the York Springs area will begin July 5 at 9 a.m. It will be held every week day from 9 to 11:30 a.m. for six weeks. The program will consist of games, crafts, picnics and the usual playground activities. Ages are five through 14 years with a registration fee of 10 cents. The activities will be held at the York Springs High School under the supervision of Miss Esther Lory.

The York Springs Happy Home-makers 4-H Club met at the home of Diana Bricker on Thursday afternoon at 1:30 o'clock. During the business meeting a report was given of the 4-H leadership school at Penn State by Diana Bricker. Bonita Bower and Charlotte Leer reported their 4-H experiences at Camp Tuckahoe and the 4-H Club Congress at Penn State which they attended last week.

Jonetta Hinkle, Susan Bricker, Natalie Smith and Diana Bricker were named to the fair committee by President Charlotte Leer. It was decided for her "Community Service" each girl would work at the York Springs firemen's carnival. The girls made preserves and marmalade at the meeting. They will give it to the guests at the country home.

After the business meeting the girls divided into two groups. Mrs. Edward Smith helped the girls who are sewing with the waistbands of their skirts, while the second-year cooking group made hot rolls. Mrs. Helen Tunison showed the girls how to make bread. Susan Bricker and Charlotte Leer demonstrated to the girls how to make three kinds of rolls.

Refreshments were served by the hostess, Diana Bricker. The next meeting will be held at home of Susan Harbold on July 21 at 1:30 p.m.

Emmitsburg

EMMITTSBURG — The Community Bible School at Elias Lutheran parish hall, Emmitsburg, closed Friday morning at 10 o'clock with a program by a department followed by a picnic for students, their parents and friends.

Workers in the Nursery Class of 11 children were: Miss Connie Baker, Mrs. Elsie Andrew, Miss Frances Rowe, Miss Thelma Herling and Clyde Hahn; Beginner's Class had 38 children with workers: Mrs. Morris Zentz, Miss Harriet Hahn, Miss Nancy Eyster and Mrs. Frieda Longpre; the Primary Class with 43 pupils had Mrs. John Chatlos, Mrs. Helen Hildebride, Miss Harriet Harner, Miss Carolyn Umble and Miss Ellen Tokar; the Junior Class with 47 children had Rev. John Chatlos teaching the first week assisted by Miss Katherine Springer, Miss Mae Rowe and Ronald Reaves. Rev. Philip Bower conducted this class the second week. The teenage department had 21 members with Mrs. C. C. Combs.

The school was under the direction of Rev. Philip Bower and Rev. John Chatlos. Mrs. Eric Glass was pianist. Mrs. Lula Bushman and Miss Ruth Shuff presided.

KENNEDY TO GET PA. VOTES

PITTSBURGH (AP) — The majority of delegates from central and western Pennsylvania will support Sen. John Kennedy (D-Mass.) at the Democratic National Convention, says Allegheny County Commissioner Dr. William D. McClelland.

"In fact, I feel Senator Kennedy will get more than half of the state's 81 votes on the first ballot," McClelland added.

He said it remains to be seen how much strength Kennedy has around Philadelphia.

In an interview Saturday, McClelland predicted Kennedy's support will increase if there is more than one ballot.

McClelland said Sen. Lyndon Johnson of Texas will probably give Kennedy his toughest fight among Pennsylvania delegates.

The commissioner praised Kennedy as a candidate, but said he will remain uncommitted until the convention gets under way July 11 in Los Angeles.
